Letter of Commitment

The Letter of Commitment is a statement through which your organization commits to implement the Ten Principles of the UN Global Compact, take action in support of the Sustainable Development Goals and submit an annual Communication on Progress (COP).

It should be signed by your Highest Level Executive / CEO or by someone else who has received permission to sign on their behalf.

Letter of Commitment is automatically generated based on the current date and your input. If you are not the CEO/Highest Level Executive, you should receive permission to sign on their behalf.

H.E. António Guterres
Secretary-General United Nations
New York, NY 10017
USA

Dear Secretary-General,

I am pleased to confirm that **Agile Freaks Romania SRL** supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption. With this communication, we express our commitment to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. **Agile Freaks Romania SRL** will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (CoP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress starting the calendar year after joining the UN Global Compact, and annually thereafter according to the UN Global Compact CoP policy. This includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global Compact.
- The completion of the online questionnaire of the Communication on Progress through which we will disclose our company's continuous efforts to integrate the Ten Principles into our business strategy, culture and daily operations, and contribute to United Nations goals, particularly the Sustainable Development Goals.

Sincerely yours,

John Smith,
Executive Director at Agile Freaks SRL
